On a poll taken at a meeting, a shareholder (including shareholders' proxies) entitled to two or more votes need not cast all his/her votes in the same way.

When the shareholders' meeting considers major matters affecting the interests of small and medium-sized investors, the votes of small and medium-sized investors shall be counted separately. The results of the separate vote counting shall be publicly disclosed in a timely manner.

Shares of the Company held by the Company do not have voting rights and such shares are not counted in the total number of shares with voting rights present at the shareholders' meeting.

In the event that a shareholder's purchase of voting shares of the Company violates the provisions of paragraphs 1 and 2 of Article 63 of the Securities Law, such shares in excess of the prescribed percentage shall not be allowed to exercise voting rights for a period of 36 months after the purchase and shall not be counted towards the total number of voting shares present at the shareholders' meeting.

In accordance with the applicable laws and regulations and the Hong Kong Listing Rules, if any shareholder is required to abstain from voting on a certain resolution, or if any shareholder is restricted to only vote in favor (or against) certain resolution, any votes cast by or on behalf of such shareholders in contravention of the relevant provisions or restrictions shall not be counted in the total number of voting shares.

The voting of non-connected shareholders shall be disclosed fully in the announcement on the resolutions of a shareholders' meeting.

When a shareholders' meeting considers and votes on connected transactions, the chairman of the meeting shall require connected shareholders to abstain from voting. Connected transactions involving the Company and connected parties with a transaction value exceeding RMB30 million and representing more than 5% of the absolute value of the Company's latest audited net assets shall be implemented upon approval by a majority of the voting rights held by non-connected shareholders (including shareholder proxies) present at the shareholders' meeting. Where laws, regulations, or securities regulatory rules of the place in which the shares of the Company are listed provide otherwise, such provisions shall prevail.

Article 80 Except when the Company is under a special circumstance such as a crisis, the Company will not, without an approval by a special resolution at a shareholders' meeting, enter into a contract to handover all or material business management of the Company to a person other than to a director or senior management.

Article 81 The list of candidates for non-employee representative directors shall be submitted to the shareholders' meeting for voting in the form of proposal. Directors serving as employee representatives shall be directly elected through democratic election by the employees of the Company, without requiring deliberation by the Board of Directors or the shareholders' meeting. The Board of Directors shall inform the shareholders of the brief biographies and basic information of the candidates for non-employee representative directors.

When two or more non-employee representative directors are elected at a shareholders' meeting, an accumulative voting system will be adopted.

Accumulative voting system referred to in the preceding paragraph represents that each share shall be entitled to the number of votes equivalent to the number of non-employee representative directors to be elected at the shareholders' meeting, and each shareholder may cast all his/her votes to a single candidate.

The Board of Directors and shareholders severally or jointly holding more than 3% of the total outstanding voting shares of the Company shall have the right to nominate candidates for non-employee representative directors (excluding independent directors).

The Board of Directors and shareholders severally or jointly holding more than 1% of the total outstanding voting shares of the Company shall have the right to nominate candidates for independent directors. The nominator shall not nominate any person who has an interest in the nominator or other closely related person who may affect the independent performance of duties as a candidate for independent Director. An investor protection agency established by law may publicly request shareholders to entrust it to exercise the right to nominate independent directors on their behalf.

Proposals for nominating candidates for non-employee representative directors, along with their resumes, shall be specified in the notice of the shareholders' meeting, including detailed information about the candidates, to ensure that shareholders have sufficient understanding of the candidates when voting.

Prior to the convening of the shareholders' meeting, candidates for non-employee representative directors shall issue a written undertaking in which he/she agrees to accept the nomination, and undertakes that the information of the candidates disclosed by the nominator is true and complete, and guarantees that he/she will perform statutory duties after he/she is elected. The letter of undertaking from a director who is an employee representative shall also be submitted to the Board and announced by the Board. Under the accumulative voting system, the election of non-employee representative directors shall proceed according to the following procedures:

- (1) each shareholder attending the meeting shall be entitled to a number of votes equal to the number of seats for non-employee representative directors to be elected at the shareholders' meeting and the total number of votes entitled to each shareholder is calculated as follows: total number of votes entitled to a shareholder = total number of shares held by the shareholder × number of non-employee representative directors to be elected.
- (2) shareholders have complete autonomy in voting, as they can choose to cast all their votes for one candidate or distribute them among multiple candidates. They can also use all of their voting rights for voting or allocate a portion of them for voting.
- (3) the election of candidates for non-employee representative directors shall be determined based on the number of votes in favor obtained, provided that the number of votes in favor obtained by each elected non-employee representative directors shall not be less than the lowest number of votes obtained (inclusive) calculated with the following formula. The lowest number of votes obtained = a majority of the total number of shares represented by all shareholders attending the meeting.
- (4) if the results of the first round of voting indicate that, the number of candidates for non-employee representative director obtaining votes in favor not lower than the minimum required is less than the number of seats for non-employee representative directors to be elected at the shareholders' meeting, a second round of election shall be conducted for the remaining seats. The procedures for the second round of election shall follow the provisions set forth in the preceding paragraphs of this Article. Under the accumulative voting system, where the number of candidates for non-employee representative directors to be nominated exceeds the number of non-employee representative directors to be elected, the election of non-employee representative directors may be conducted on a competitive basis. Under the accumulative voting system, independent directors shall be elected separately from other members of the Board of Directors.

Article 82 Save for the accumulative voting system, all proposals shall be voted item by item at a shareholders' meeting. When different proposals are made on the same matter, votes shall be cast in the time sequence of the proposals presented. Unless the shareholders' meeting is suspended or no resolution can be passed for a force majeure or any other exceptional reason, the shareholders' meeting shall not postpone any proposal or refuse to vote.

Article 83 When a proposal is being considered at a shareholders' meeting, no modification shall be made to the proposal. Otherwise, the modification shall be deemed a new proposal, but may not be voted on at that shareholders' meeting.

Article 84 The same voting right may be exercised only in one manner of voting: on-site meeting, online voting, or by another manner of voting. In the event that the same voting right is repeatedly exercised, the result of the first voting shall prevail.

Article 85 Voting by registered ballots shall be adopted at a shareholders' meeting.

Article 86 Before proposals are voted at a shareholders' meeting, two shareholders' representatives shall be elected to count and scrutinize the votes. In the event that a shareholder is interested in any matter to be considered, the shareholder and his/her proxy shall not participate in vote counting and scrutinization.

When proposals are voted on at a shareholders' meeting, lawyers and representatives of shareholders shall be jointly responsible for counting and scrutinizing the votes, and shall announce the voting results on the spot, and record them in the meeting minutes.

Shareholders of the Company or their proxies voting online or in any other manner shall have the right to check their own voting results through the corresponding voting system .

Article 87 The closing time of the on-site voting of a shareholders' meeting shall not be earlier than that of online or any other manner of voting. The chairman of the meeting shall announce the voting and the voting results of each proposal, and announce whether a proposal is passed based on the voting results.

Before the voting results are officially announced, the Company, vote counters, vote scrutineers, shareholders, network service providers, and other parties involved in the on-site, online and other manner of voting of the shareholders' meeting shall all be obligated to keep the voting confidential.

Article 88 Shareholders present at a shareholders' meeting shall express one of the following opinions on a proposal submitted for voting: for, against or abstain, save for the circumstance under which securities registration and clearing institution, acting as the nominee holder of shares under the Mainland-Hong Kong Stock Connect, makes a declaration according to the intentions of the actual holders.

The voters of blank ballots, incorrectly completed ballots, illegible ballots and uncast ballots shall be deemed to have waived their voting rights. The voting results of their shares shall be counted as "abstention".

Article 89 In the event that the chairman of the meeting has any doubt about the voting results of a resolution, he/she may arrange for a recount of the votes; where the chairman fails to recount the votes, and any shareholder or their proxies attending the meeting raises any objection to the result announced by the chairman, he/she shall have the right to require a recount immediately after the voting result is announced, and the chairman shall immediately arrange for a recount.

Article 92 Where a proposal on the election of directors is passed at a shareholders' meeting, the new appointed director shall commence his/her term of office immediately after the conclusion of the shareholders' meeting.

Article 93 Where a proposal on the distribution of cash dividends or bonus shares or capitalization of capital reserves is passed at a shareholders' meeting, the Company shall implement a specific plan thereon within 2 months upon the conclusion of the shareholders' meeting.
